

100 Euro in savings each week with the Spa and Guest Card

Take advantage of the benefits of the Spa and Guest Card.

Free choice

With the Spa and Guest Card you have access to a wide variety of activities during each day of your stay. For example, you may choose to take part in early morning gymnastics courses, free hiking tours, guided bike excursions, or simply enjoy the leisure facilities where you will find a reading room containing over 150 daily newspapers from Germany.

100 € in savings each week

The savings alone from weekly deals and free services adds up to a savings of more than 100 € a week. This is in addition to services, such as an introductory visit to the "biovital®BewegungsParcours" (a specially designed and approved course used in combination with customized workout plans), special concerts and nature excursions, all offered to guests at no extra charge. Bad Füssing also offers free parking in public garages, strolls through the extensive parks, and free use of local buses (a savings of 2.20 Euros per ticket).

Guests receive free admission to the afternoon and evening dances, various lectures, the casino (on the first visit), book readings, spa concerts, and a guest discount  on virtually all the spectacular events, concerts and theater performances in the large and small event hall.

You will receive your personal Spa and Guest Card from your host upon arrival. Not only does the card save you money, but it allows the Spa Staff and, in the event of an unexpected emergency, the police to know where to contact you. Please take advantage of these benefits, which accompany your admission to the spa, and enjoy your stay in Bad Füssing - your destination for health in the heart of the Bavarian golf- and thermal spring region.

The following services are free with a valid Spa and Guest Card:
